

## Author of the Week: William Shakespeare

**26 APRIL 1564 – 23 APRIL 1616**

William Shakespeare is widely regarded as the greatest writer in the English language and the world's greatest dramatist. He is often called England's national poet and the "Bard of Avon". His extant works, including collaborations, consist of approximately 39 plays, 154 sonnets, two long narrative poems, and a few other verses, some of uncertain authorship. His plays have been translated into every major living language and are performed more often than those of any other playwright.

In 2019, we celebrate his 455<sup>th</sup> birth anniversary.
