INDIAN INSTITUTE OF TECHNOLOGY GANDHINAGAR

IIT Gandhinagar needs your support to strengthen the institute's work in recruiting and retaining talented faculty, promoting top-notch research and developing exciting graduate and undergraduate initiatives.

IIT GANDHINAGAR RELIES ON THE SUSTAINED GENEROSITY OF ITS FRIENDS FOR SUPPORT OF MANY OF ITS EXCITING AND INNOVATIVE INITIATIVES.

IITGN partners share our dream and vision of excellence. The institute has developed a reputation for thinking outside traditional disciplinary boundaries, experimenting with various facets of education and research and

fostering a culture of free inquiry, innovation and excellence. We invite you to join us in this initial historic phase in the life of the Institute and in its development into a world-class university.

world class faculty

IITGN BELIEVES THAT ITS ASPIRATIONS OF BECOMING A GLOBALLY REPUTED UNIVERSITY REST ON RECRUITING AND RETAINING A WORLD CLASS FACULTY.

Endowed faculty chairs and research fellowships have enabled the institute to recruit exceptional faculty from the world's finest institutions, such as California Institute of Technology, Carnegie Mellon University, Purdue University, University of Cambridge, University of Michigan, Vanderbilt University, Texas Tech University, University of California at Berkeley, University of Chicago, Cornell University, University of Illinois at Urbana Champaign, Max Planck Gesellschaft, Carleton University, Harvard University, University of Warwick, etc.

The fellowships and chairs enable the institute to recruit and reward talent by offering top-up compensation of nearly 25 percent of the regular faculty salary. As a result, IIT Gandhinagar offers among the most attractive financial packages to new faculty in India.

Vibrant visiting faculty, guest scholars and industry academic associate programmes contribute to diversity and globalization of the curriculum. Dozens of guest academics from all over the world come to the IITGN campus every year; at times almost 20 percent of its faculty is visiting faculty.

centres of excellence

IITGN HAS CREATED SEVERAL CENTRES OF EXCELLENCE WITH THE GENEROUS SUPPORT OF INDIVIDUAL, CORPORATE AND PUBLIC SUPPORTERS.

A Design and Innovation Centre has been developed with a major grant from Ricoh Company. A Safety Centre at IITGN has been endowed by a substantial grant from Underwriters Laboratories, Inc. A Bioengineering Centre has been developed with a major grant from the Gujarat Government. The institute is also developing a Centre for Archeological Sciences.

reengineering engineering education

IIT GANDHINAGAR STRIVES TO OFFER THE BEST UNDERGRADUATE ENGINEERING EDUCATION IN THE COUNTRY WITH UNMATCHED INNOVATIONS IN CURRICULUM.

IITGN places great emphasis on globalization and diversity. Almost a third of IITGN students have study abroad or other overseas experience in the form of overseas educational or internship opportunities.

IITGN's innovative undergraduate curriculum — which won the World Education Award 2013 for innovation in engineering education at the World Education Summit — includes an intensive five week foundation programme to nurture creativity, communication skills, ethics, teamwork, social engagement, etc. To promote critical thinking and an appreciation of the interdisciplinary character of knowledge, students take almost 20% of their coursework in the liberal arts, nearly twice the proportion of most other Indian engineering institutions.

partner with iit gandhinagar

EVERY CONTRIBUTION, SMALL OR LARGE, AIDS OUR ENDEAVOUR TO PURSUE EXCELLENCE. JOIN US ON OUR JOURNEY TO A WORLD CLASS INSTITUTION.

UNRESTRICTED GIVING: Unrestricted gifts support innovations in our academic programs and enable us to seize emerging opportunities, seed new research, and support or reward exceptional performance.

TARGETED GIVING: You can also target your giving to specific institutional initiatives, such as:

- Endowed faculty chairs or research fellowships to recruit and retain the world's leading faculty members;
- Excellence awards to reward exceptional performance by faculty and staff;
- Travel support for students and faculty to participate in conferences or conduct research;
- Pioneer PhD scholars programme to support doctoral students;
- Overseas research experience fund for PhD students and young faculty;
- Merit scholarships for undergraduate students.

SPECIAL GIFTS: We also welcome special gifts in targeted focus areas, which often serve to jumpstart new programs and initiatives at the college. Contact: deansp@iitgn.ac.in
