

IIT-Gn student chosen for US space contest

Date - 5/8/11

Ahmedabad Mirror Bureau amfeedback@indiatimes.com

Aditi Dighe, a third year electrical engineering student of IIT Gandhinagar has been selected to participate in the Caltech Space Challenge in California. This programme is directed towards US President Obama's initiative of sending astronauts to an asteroid by 2025.

Aditi is among 25 students selected from across the world to attend a five-day student workshop and competition at California Institute of Technology, Pasadena, from September 12 to 16 on designing a manned mission to a Near-Earth Object (NEO).
