IIT Gandhinagar

The Indian Institute of Technology Gandhinagar, deemed an Institute of National Importance by an Act of the Indian Parliament, strives to offer the best undergraduate engineering education in India with unmatched innovations in curriculum. The Institute promotes critical thinking and an appreciation of the interdisciplinary character of knowledge with an emphasis on the liberal arts, project oriented learning, compulsory courses in design and the life sciences, diversity and globalisation. Nearly a quarter of its undergraduate students receive study abroad experience.

IIT Gandhinagar is located in Chandkheda, Ahmedabad, Gujarat. Ahmedabad is one of the oldest living cities in India, known both for a rich cultural past as well as state-of-the-art infrastructure, thriving industries, and many modern amenities. It is also the hub of prestigious academic and research institutes, such as the Indian Institute of Management Ahmedabad, the National Institute of Design and the Physical Research Laboratory.

Indian Institute of Technology Gandhinagar

Programmes for International Students

IIT Gandhinagar welcomes international students to study and perform cutting-edge research, to attend courses or to undertake internships or project study. IITGN's international education programmes reflect the Institute's vision and commitment to providing high quality education without geographical boundaries, enhancing the diversity of its student body and forming strategic partnerships around the world.

Admission is open to post-graduate programmes across several disciplines. Undergraduate and graduate students may also apply for admission to pursue non-degree coursework.

Programmes

International students can earn their post-graduate degrees (Masters and/or PhD) at IIT Gandhinagar. They can also pursue full-time and part-time non-degree programmes.

Masters Degree Programmes

MTech
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Materials Science & Engineering
- Mechanical Engineering

MSc
- Chemistry
- Cognitive Science
- Mathematics
- Physics

MA
- Society & Culture

PhD Degree Programmes

- Ancient & Medieval India
- Biological Engineering
- Chemical Engineering
- Chemistry
- Civil Engineering
- Cognitive Science
- Computer Science & Engineering
- Earth Sciences
- Electrical Engineering
- English
- Materials Science & Engineering
- Mathematics
- Mechanical Engineering
- Philosophy
- Physics
- Political Science
- Psychology
- Social Epidemiology
- Sociology
- South Asian Studies

Non-Degree Programmes

International undergraduate and graduate students can take courses or workshops, undertake projects or participate in internship opportunities at IIT Gandhinagar. Such experiences do not lead to a degree from IIT Gandhinagar, but are intended to enrich and diversify a student's academic experience through exposure to a variety of courses and research opportunities. For example, a student may spend a full semester at IIT Gandhinagar (taking five courses or equivalent), simply attend a single course, undertake a short-duration project with a particular faculty member, or participate in a summer internship at the Institute.

Admission

Applications are welcome throughout the year on a rolling basis and will be periodically reviewed. Generally however, admission is offered to coincide with the start of a semester (July-November or December-April) or the summer (May-July).

Applicants must be officially enrolled in, or recently graduated from, a recognized educational institute.

Their academic record should demonstrate a good likelihood that they will benefit from a period of study at IIT Gandhinagar.
