AHMEDABAD: Young minds from around the world gathered at Indian Institute of Technology Gandhinagar (IITGN) on Thursday to discuss the country's rapidly expanding academic opportunities in a three-day conference called 'The 2012 Young Researchers Conclave'.

The event will witness graduate and post doctoral researchers discuss new opportunities and challenges in Indian academics specifically in the context of an emerging institute that aims to be world class in research and teaching.

The conclave includes talks and discussions on a range of topics like [funding](#) opportunities, scope for experimental research, collaborative opportunities in India and will present an opportunity for driven graduates and post-docs to interact with each other and also with eminent Indian academicians.
