

WORLD CLASS FACULTY
GLOBAL ASPIRATIONS

GLOBAL FACULTY

IITGN has recruited outstanding faculty members from the best educational institutions around the world. Their diverse training experiences, skillsets and expertise makes IITGN an institution of learning like no other in India. Our vibrant visiting faculty program brings academicians from other institutions around the world to collaborate and interact with our faculty, making IIT Gandhinagar a truly global environment to work.

UNPARALLELED RESEARCH SUPPORT

IITGN offers generous and flexible start-up grants based on individual research needs. Additionally, we are committed to developing world-class central research facilities to support cutting-edge, high-quality research. Funds for procuring such high-end equipment have no set upper limit.

A group of students, mostly men, are wearing red hoodies and cheering enthusiastically. They are making 'V' hand gestures. In the foreground, there are three women, two of whom are also wearing red hoodies. The background is a solid red color with white topographic line patterns. The text 'DYNAMIC STUDENT BODY' is written in a bold, sans-serif font in the top right corner.

DYNAMIC STUDENT BODY

IITGN attracts some of the best graduate students from all over the country by offering early admissions and higher scholarships. Students also get additional support for international travel and have opportunities to gain significant research experience at top-class universities abroad. We also have a strong undergraduate research culture, and about 40% of our undergraduates undertake research internships abroad.

IITGN has nurtured a number of distinctive interdisciplinary programs that offer opportunities for broader academic discussions. Examples include the centers for Design and Innovation, Biomedical Engineering, Cognitive Science, Safety Engineering, Sustainable Development, and Archaeological Sciences. These centers act as platforms for people from diverse disciplines to collaborate on areas of common research interest.

CELEBRATING
INTERDISCIPLINARITY

IITGN has been very successful in raising philanthropic funds to support excellence by faculty and students. For instance, faculty members who are productive in research obtain extra travel support through these endowment funds. Additionally, excellence awards have been constituted to recognize exceptional contributions by faculty in research, teaching, outreach and institutional building activities.

**REWARDING
EXCELLENCE**

IITGN has developed a broad-based curriculum that emphasizes depth as well as breadth. Our signature Foundation Programme emphasizes creativity, ethics, social engagement, teamwork and physical fitness. Essential courses in design, humanities and life sciences promote out-of-the-box and non-linear thinking. Project-based learning with an emphasis on real-world applications provides an active and hands-on learning experience.

INNOVATIONS IN CURRICULUM

VIBRANT CAMPUS LIFE

IITGN is a stimulating workplace with excellent faculty-student engagement. The Institute provides opportunities and support for organizing workshops, schools, and conferences. We are conveniently located for events of national and international scales. Our award-winning campus is self-sustained and provides access to all modern amenities. Our visitors enjoy both the on-campus experience and our proximity to Ahmedabad, known both for a rich cultural past as well as state-of-the-art infrastructure.
