A workshop titled 'The Empowerment Bridge: Building an Opportunity for Women and Girls in Science and Technology' will be organised by GUJCOST on May 1 at Science City. The programme is being organised to

celebrate Gujarat Gaurav Diwas and aims to inspire the younger generation, especially women and girl students, with the skills they will need for a career and future in Science & Technology.

Several girl students, pursuing their careers in science, engineering and pharmacy disciplines in different institutions, in and around Gandhinagar and Ahmedabad, are invited to participate in the programme.

"The workshop will be addressed by Dr-Jayanti Ravi, Commissioner of Labour and

Employment, Government of Gujarat. More than 200 girls pursuing engineering and pharmaceuticals have registered from Ahmedabad and Gandhinagar. Three plenary theme lectures have been organised on 'Girls in digital literacy' by Dr Neeta Shah, Former Director, e-Gov, GIL, 'Women and Girls in S & T' by Rama Moondra, Corporate Trainer and 'Motivational Speaker and Women as Innovator' by Dr Hiran Vedam, IIT Gandhinagar," said Narottam Sahoo, advisor, GUJCOST.
