

IIT to host inter-school quiz on earthquake tips

IITGn is set to host the preliminary round of National Information Centre of Earthquake Engineering Inter School Quiz competition on Earthquake Tips for Gujarat Region today. Six schools from Gujarat will participate in the competition. The quiz aims to include school children in the activity of ensuring an earthquake resistant built environment in the country. Over 50 schools from 40 cities across India plan to participate in the quiz this year. The registering schools were given 50 copies of "Earthquake Tips" by Dr CVR Murty.
