

## **IITGn to hold workshop on manufacturing systems**

Indian Institute of Technology, Gandhinagar will organise a workshop on computer integrated manufacturing systems from April 30 to May 2. The hands-on session will be conducted at the centre of excellence, CIM Lab. The course is aimed at developing the right perspective and understanding of this attractive aid to competitiveness. Apart from clarifying the basics, case studies will be used from different types of industries to highlight the application's potential. It is expected to provide a systematic approach to CIM with gradually increasing sophistication.
