IIT-Gandhinagar wins HUDCO design award 2015

The Indian Institute of Technology
Gandhinagar (IIT-Gn) received the Housing
and Urban Development Corporation
Limited (HUDCO) Design Awards 2015. It
received the award for its notable
innovation in earthquake-resistant building
technology which was used in constructing
the staff housing and student hostels at
the institute's campus at Palaj. It bagged
the first prize in the category of "Cost
Effective Rural/Urban Housing Including
Disaster Resistant Housing".
