

# Innovations make heads turn at IIT-Gandhinagar

Robots that can follow you everywhere, invisible laser intruder alarm, remote controlled gliders, self-tuning stargazing telescopes and much more. These innovations captivated visitors at Ignite 1.0 exhibition in Indian Institute of Technology, Gandhinagar (IIT-Gandhinagar) on Saturday. A BTech student at IIT-Gandhinagar n G Sai Rama Krishna displayed a robot which can sense an object

and follow it everywhere. The robot uses an infrared sensor to sense the object and the distance to it.

**Pipeline connection severed:** Water connections of two units in Behrampura ward were snapped off by the Ahmedabad Municipal Corporation (AMC) officials of south zone. The units were discharging industrial waste in open which was leading to widespread pollution. The connection of Hariom Process in New Faisal Nagar was also cut for letting hot waste water in the open, while in case of
