

# IIT-Gn wins Hudco Design Awards 2015

**Ahmedabad:** Indian Institute of Technology- Gandhinagar (IIT-Gn) has won the Housing and Urban Development Corporation Limited (HUDCO) Design Awards 2015 for making earthquake resistant buildings at the institute's campus at Palaj.

The award went to the institute for using earthquake resistant technology in construction of staff housing and student hostels at its newly constructed campus in the category – “Cost Effective Rural and Urban Housing Including Disaster Resistant Housing”.

“IIT-Gn aspires to become an educational institution of world stature and lays strong focus on innovation,” said IIT-Gn director Sudhir Jain. TNN
