

IITGN signs MOU with quake-prone Kyrgyz Republic

dna correspondent @dnaahmedabad

Ahmedabad: The Indian Institute of Technology Gandhinagar (IITGn) has signed a Memorandum of Understanding (MoU) with International University of Innovation Technologies (INTUIT) of Kyrgyz Republic to promote cooperation in education and academic research. The agreement includes cooperation on research, teaching, learning materials, exchange of faculty and research scholars, and work on joint academic programs and research projects.

“We are keen in collaborating with IITGN in a variety of ways, including faculty and student exchanges and in joint research projects in the area of earthquake engineering”, said president of INTUIT, Akymbek Abdykalykov.

IITGN Director Sudhir Jain said, “This agreement will benefit students and faculty of both the countries.”
