CITY DIGEST

120 IIT-Gn students to go on discovery of India

Under an initiative called the Explorer's Fellowship, 120 students of Indian Institute of Technology, Gandhinagar (IIT-Gn) will travel across the country to understand the ground realities and explore the enormous diversity in culture. This initiative was first introduced in 2015. As many as 14 students in 2015 and 50 in 2016 travelled across the country with support from the fellowship. The institute will support over 120 students this year, a statement from IIT-Gn said.
